

Vehicle Test and Validation
Central Laboratory (85-70)

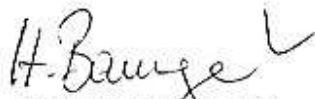

Recommendation of External Laboratories for Test and Validation of Opel / GM Local Purchased Parts

According to the evaluation by our experts after visiting some East European laboratories and institutions we would like to recommend the

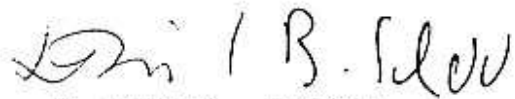

Automotive Research & Development Center (BOSMAL)
ul. Sarni Stok 93
43-300, Biesko-Biala, Poland
Tel.: (+48) 33-130540
Fax.: (+48) 33-125038

Contact Person: Kazimierz Romainiszyn, General Director

as a suitable supplier to carry out certain laboratory test work for Opel / GM Plants. The detailed report and recommendation list has been distributed to the concerned GM plants.

Dr. Hartmut Baumgart
Manager of Central Laboratory ITDC

Dr. Li Li / Bernd W. Scherer
